

## Summer Reading for Upcoming 5th Graders

In order to encourage continued reading over the summer months, your child will be required to read a book during the summer. We want to keep our brains active and prevent that summer reading slide!

Students must read Number the Stars by Lois Lowry. A test will be taken the first week of school. An in-class project will also be completed during the first week of school.

Be sure to bring Number the Stars on the first Monday of school. There will be discussions and in class projects with your summer reading novel.
